

## Daily rates for Trucks, Vans & Storage

At **Taxi Trucks Limited**, we can look after all your removal and storage needs. From one piece bought on trade me to a full house lot. We charge most jobs on an hourly rate as listed below. The prices quoted below are for moves within Auckland Only. The charge is then broken down to the number of minutes taken from arrival at pick-up address, to completion at delivery address; this way you only pay for what we do. There is however a minimum of 1 hour charged Monday to Saturday and a 4 hour minimum for work on Sunday. All these are priced **exclusive of GST**.

We are happy to quote a fixed price on request but this may require a visual inspection at the pickup location.

Taxi Trucks does have an extensive range of "liability based insurance" for all aspects of the business, however we strongly recommend customers seek their own insurance cover for goods being transported or stored.

The **vans** are large with an 11 cubic meters of space. Easily enough space for a one bedroom flat. The van is also ideal if your home is in a tricky location -one that is not accessible with a big truck. Our **trucks** are all between 30 & 40 cubic meters in space, and can easily handle anything up to a 4 bedroom house. We have tail lifts on some of the trucks, if needed at no extra cost. All vehicles carry furniture blankets and trolleys.

We do require payment on completion of every job, cash or cheque is the preferred form of payment. We also accept Visa and MasterCard with no surcharge. A GST invoice receipt is issued with the receipt of payment on completion.

We have our own secure **storage** facility in Mt Wellington, which is also alarm monitored 24/7. We charge for an individual 9 cubic meter storage container at a rate of \$90 /month, a minimum of 7 days. Payment is needed in advance and prices are exclusive of GST.

We can also offer **packing** services, either whole pack, part pack or just the materials.
